e·STUDIO2822AM

Datasheet

> The e-STUDIO2822AF/2822AM have a footprint equivalent to that of an A4 printer, but they are also able to print, scan, fax[2] and copy A3 formats.

> Via bypass feeding and the Automatic Document Feeder, you can switch effortlessly to the larger format when needed.

> With a print speed of 28 pages per minute, their robustness and compact size, they fit into many work environments like start-up enterprises, back offices, or warehouses.

TOGETHER INFORMATION

Key features

Benefits

- Print, scan, fax and copy in A3 on a system with an A4 footprint.
- Highly reliable and durable at a speed of 28 pages per minute.
- Economically and ecologically efficient thanks to duplex printing, internal toner recycling and energy save modes as standard.

Small, robust and reliable: enjoy the systems' ample deployment areas.

Space is often limited and printing solutions need to be extremely flexible in order to cater for all the different documents that are needed. Even though printing in A4 format is the standard, in many cases there are tasks that require A3 printing, scanning, faxing and copying too. But more often than not, companies simply do not have the space for a conventional A3 format multifunctional system. That is precisely why Toshiba developed the e-STUDIO2822AF/2822AM.

Small space - large functionality

Thanks to its compact design, the unit easily fits into many work environmemts. Packed with all functions needed in a modern office environment – including colour scan – the systems are extremely reliable.

- Connectivity
  - The e-STUDIO2822AF/2822AM are easy to integrate into existing networks. You can also print from and scan directly to USB.
  - Businesses which require the fax function should opt for the e-STUDIO2822AF which has the fax as a standard feature.
- Intuitive Usage
  - Ease-of-use is key if you want to be productive. Therefore, we have made sure all functions are easy to access and intuitive to use, like double sided ID copy or mobile print and scan.
- Efficiency
  - With the e-STUDIO2822AF/2822AM you can increase your efficiency in multiple ways. Ecological efficiency, thanks to resource saving features directly translates into economical efficiency: Thanks to the low running costs, you benefit by saving money.

Specifications
