

Toshiba e-STUDIO4508A

Outstanding 45-ppm Copier MFP

The Toshiba e-STUDIO4508A, chosen by BLI analysts as the winner of a Summer 2017 Pick award for "Outstanding 45-ppm Copier MFP," offers...

- Fast job stream and scan speeds to boost productivity
- Quick job programming thanks to driver profiles and one-touch scan and copy templates
- Robust security features to help protect sensitive data
- Support for mobile printing so users can be productive away from their PCs

"The Toshiba e-STUDIO4508A delivers a feature set that is designed to enhance end-user productivity," said George Mikolay, Associate Director of A3/Production for Keypoint Intelligence - Buyers Lab. "Users can program and access up to 20 profiles on the driver to streamline frequently recurring print chores, while one-touch templates and the Simple Scan and Simple Copy menus make scan and copy job configuration a cinch. The device also offers cloud scanning and printing for enhanced document sharing capabilities, optional scan to Word, Excel, and PowerPoint functionality to reduce post-job processing, and support for embedded applications via the e-BRIDGE platform to expand the device's functionality."

"In addition to its excellent reliability, the Toshiba e-STUDIO4508A's fast job stream, first copy, and scan speeds make for highly efficient job processing during peak usage in multi-user environments," said Joe Ellerman, U.S. Manager of Lab Operations for Keypoint Intelligence - Buyers Lab. "Combine that with dark, fully formed characters and bold solids to satisfy general office needs, and you're left with an excellent asset to mid- to large-size workgroups or departments that do not require colour output."

About **Keypoint Intelligence - Buyers Lab**

Keypoint Intelligence is a one-stop shop for the digital imaging industry. With our unparalleled tools and unmatched depth of knowledge, we cut through the noise of data to offer clients the unbiased insights and responsive tools they need in those mission-critical moments that define their products and empower their sales.

For over 50 years, Buyers Lab has been the global document imaging industry's resource for unbiased and reliable information, test data, and competitive selling tools. What started out as a consumer-based publication about office equipment has become an all-encompassing industry resource. In a landscape that's ever evolving, we change with it.

About **Buyers Lab Pick Awards**

Buyers Lab Picks stand alone in the industry and are hard-earned awards as they are based on rigorous testing, including an extensive durability assessment and evaluation of key attributes such as usability, image quality, and value. Each product that passes our lab test earns Buyers Lab's Recommended or Highly Recommended seal and our Certificate of Reliability, with the best performers qualifying as Pick contenders.
